

Bulls Eye

Fill up your quiver with the Word of God so you will be equipped to stop the fiery arrows of the enemy when he tries to tempt you to get you off course! Write on the feathers things like: Memorizing Scripture, reading the Bible, praying, obeying parents, speaking kind words, etc.

Activity: Hitting the Bulls-eye
Supplies: Your bulls-eye placemat, a large mayo jar, and 4 to 6 clothespins

Set your placemat on the floor – put a large mayonnaise jar in the center of the bulls-eye. Stand over the jar and try to drop the clothespins in one at a time. See how many clothespins you can get into the jar. Take turns with your parents or your brothers and sisters, or friends.

Children around the world

Dominican Republic
When Columbus sailed the ocean blue in 1492, this island was one of the places he landed and claimed. Located in the Caribbean, this country has been a favorite destination of many missionaries, especially, high school and college students.

Pray for missionaries who will become long-term supporters of the missions in the Dominican Republic. If you visited the Dominican Republic you might enjoy a bowl of black bean soup or a dessert of corn pudding.

Record in your journal your favorite thing you did, or saw, or ate today. Write down someone you would like to pray for.

Our Bible reading is an important conversation between King David and his son Solomon. Solomon was young and his father wanted him to know how to walk the path of God. King David told Solomon to listen closely to the words he was telling him and to keep them in his heart. He also told him to guard his heart and not to swerve to the left or the right. The path of God is a straight and narrow path and God is right at the center. We need to keep our eyes fixed on Him and we will always hit the right mark. We learn to keep our eyes on Him when we spend time reading and listening to His Words in the Holy Bible. You can sharpen your arrows and make them ready to take aim by memorizing verses of Scripture from the Bible.
